

(FYE)

ORDER FORM

Order Form

This Order is placed under the Agreement between the Contractor and the Contract Authority and includes Parts A and C of this Order.

PART A GENERAL ORDER DETAILS

(i) Customer

Name of Customer

Service Address

Customer's Commercial Representative

Customer's Technical/ Project Representative

Customer's Purchase Order Number

(ii) Contractor

Name of Contractor

Service Address

Contractor's Representative

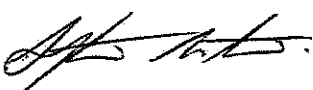

(iii) Agreement

Specify Agreement number and title Title

(iv) Modules that apply to the Contract, as agreed between the Parties

(v) Person who has authorised Submission of this Order

Name Title

Signature  Date

(vi) List of Attachments

The following annexures are attached:

Schedule 1 – GWIP Services (and attachments)

(vii) Order Form Prevails

1) Subject to 2) any inconsistency between the documents below will be determined in the order of priority from (a), (b), (c) and (d) to the extent of any inconsistency:

- (a) Agreement;
- (b) Schedule 1 annexure to the Order Form;
- (c) Attachments to Schedule 1 annexure to the Order Form; and
- (d) Order Form;

(The documents set out in (b), (c) and (d) above are called **Order Documents**)

2) A term in an Order Document will prevail over a term set out in the Agreement if the Order Document states that:

- (a) the term in the Order Document will prevail over a term set out in the Agreement; or
- (b) the term in the Agreement does not apply.

This clause 2) prevails over clause 6.4 of GTA to the extent of any inconsistency.

(viii) Acknowledgment of Contractor

The Contractor hereby accepts all aspects of the Order.

In witness whereof the Contractor has signed this Order Form

on the day of

30 October

20

09

SIGNED for and on behalf of the Contractor by

(who by this execution warrants his authority to so sign) in the presence of:-

Witness

JENNY MANEGAS

Part C:

Order Form Details: Module 9 Telecommunications Services

[Attention is drawn to the Contractor's obligation to provide to the Contract Authority a copy of the "Services Orders Accepted" monthly reports (together with copies of all Services Orders) that the Contractor is required to provide to the Customer under the Reporting Requirements (Module 9 clause 12.2): these copies should be sent to the Contract Authority at [gta@commerce.nsw.gov.au]]

Customer's Checklist:

No.	Details to be included from Module 9 and into relevant Schedules ¹ – Telecommunications Services	Minimum conditions required by the Contract Authority	Order Details agreed by the Contractor and the Customer
C 9.1	Telecommunication Services (clause 1.2) Specify the Telecommunication Services to be provided by the Contractor:		As outlined in Schedule 1 annexure.
C 9.2	Contract Period (clause 2.1) Specify the Contract Period for the Telecommunication Services: Specify the Commencement Date of the Telecommunication Services:		The Contract Period is defined in Schedule 1 annexure. The Commencement Date for this Contract is the date the last party signs this Order Form.
C 9.3	Location (clause 3.1) Specify locations, if any, where the Telecommunication Services are to be provided:		See Attachments 5 & 6 in Schedule 1 annexure for locations as at the Commencement Date. These lists are subject to change according to the terms of Schedule 1 annexure.
C 9.4	Contractor's Specifications and Service Level Agreement (clause 3.2) Annex or reference the Contract Specifications: Annex or reference the Service Level Agreement (if any):		See Schedule 1 annexure, GTA Module 9 and GTA Schedule 2.
C 9.5	Scalability (clause 4) Specify any adjustments to the capacity, availability and quality of the Telecommunication Services to be provided by the Contractor during the Contract Period, including the costs of such:		See Schedule 1 annexure.
C 9.6	Contract Price (clause 7) Specify the Price to be paid for the Telecommunication Service: NB Establishment costs such as installation fees and set up fees should be separately identified in this section with the corresponding Price. Specify the payment method		See Schedule 1 annexure.

¹ Module 9 Clauses may point to relevant Schedules or other parts of the Agreement.

C 9.7	Billing (clause 8) Billing details (i) Specify the billing period, if other than monthly: (ii) Specify the format of bill to be delivered: (iii) Specify the details for any aggregate or consolidated billing: Audits (iv) Default position for the number of audits a Customer may undertake is once per 6 months. Specify the required frequency, if other than this level: Back-Billing (v) Specify if Back-Billing Period is to be greater than 90 days:		See Schedule 1 annexure.
C 9.8	Help desk services (clause 11.9) Specify requirements in addition to clause 11.8		See Schedule 1 annexure.
C 9.9	Reporting Requirements (clause 12.1)		See Schedule 1 annexure.

Part D

Additional Conditions

- 1) The parties acknowledge that the Contractor's charges under this Order Form are the result of pricing provided in respect of the Customer's request for discounts on purchases of Deliverables under clause ST2(a)j of GTA Module 9 (Special Terms and Conditions). For the avoidance of doubt, clause 13 of GTA Module 9 does not apply to the charges under this Contract because of clause ST11 of GTA Module 9 (Special Terms and Conditions).
- 2) Once this Order Form is signed, the contract created by the Order Form that was signed by the parties on 17 June 2008 for Contractor GWIP Services to the Phase 1 & 2 Sites (**Phase 1 & 2 Sites Contract**) is terminated, without the payment of any early termination fees or other penalties by the Customer.
- 3) Under the Phase 1 & 2 Sites Contract, the following Phase 1 & 2 Sites were to be commissioned with the GWIP services but have not been commissioned as at the Commencement Date:

Blayney Public School
 Oaklands Central School
 St George Office
 Savernake Public School
 Long Neck Lagoon Environmental Education Centre

The Phase 1 & 2 Sites set out above and Brisbane Waters Secondary College Woy Woy Campus are called **Uncommissioned Phase 1 & 2 Sites**.

For the avoidance of doubt, and subject to condition 4), the Contractor must commission the Uncommissioned Phase 1 & 2 Sites according to clause 6.5 of the Schedule 1 annexure under the Order Form.

- 4) The Contractor must use reasonable endeavours to ensure Long Neck Lagoon Environmental Education Centre is a GWIP Site as soon as possible.
- 5) The parties acknowledge that, for the Uncommissioned Phase 1 & 2 Sites, the service activation date for each of those sites is the date that the GWIP service is accepted by DET according to the Contract and documented by DET receiving a facsimile from the Contractor's representative, in accordance with the Statement of Requirements – Customer Facilities (GWIP Commissioning) for NSW Department of Education (23 September 2008).

- 6) Where the Contractor is to commission GWIP services under this Contract to a Phase 3 & 4 Site to replace services provided by the Contractor to that site under a pre-existing contract, that pre-existing contract will terminate when that Phase 3 & 4 Site becomes a GWIP Site. The Customer will not be liable to the Contractor for any early termination fees or other penalties resulting from the termination of that pre-existing contract.
- 7) The parties acknowledge that:
- a) the provision of GWIP services under this Contract to Phase 1 & 2 Sites and Phase 3 & 4 Sites with pre-existing contracts is not a migration of those services from the Phase 1 & 2 Sites Contract or pre-existing contracts (as the case may be) under ST7 of GTA Module 9. Clause ST7 of GTA Module 9 does not apply;
 - b) the terms of the Phase 1 & 2 Sites Contract cease to apply on termination of that contract under clause 2) above;
 - c) the terms of a pre-existing contract for a Phase 3 & 4 Site ceases to apply on termination of that contract under clause 6) above; and
 - d) the termination of the Phase 1 & 2 Sites Contract under clause 2) above, and each pre-existing contract under clause 6) above, is without prejudice to any right or action or remedy which has accrued or might accrue to either party before termination of the contract.

Schedule 1 - GWIP Services

1 Service Description

- 1.1 The Services to be provided by Contractor are the GWIP services described under the GTA and in this Schedule.

2 Contract Price

- 2.1 The Contract Price of the Contract under this Order Form is made up of the prices set out in this Schedule. Unless otherwise stated, all prices set out in this Schedule are GST exclusive.

3 Contract Period

- 3.1 The period of the Contract under this Order Form commences on the Commencement Date and ends at the end of the Initial Term and any Option Period (**Contract Period**).

4 IP Addresses

- 4.1 The Services do not include an allocation of IP addresses. Customer must acquire all IP addresses to be used with its GWIP service.
- 4.2 Customer is responsible for allocating the IP addresses used between the Provider Edge Router and the Customer Edge Router.
- 4.3 The Services support both public and private IP address ranges provided that the IP address of each device that is connected to the VPN remains unique. Customer is responsible for ensuring that the IP address of each device connected to the VPN is unique.
- 4.4 As at the Commencement Date, Customer will be limited to a maximum of 10,000 IP addresses. During the course of the Contract Period, Contractor will increase the maximum number of IP addresses that Customer may use as follows:
- (a) to 12,500 IP addresses – within 15 business days of the Customer notifying the Contractor that it is currently using 9,000 or more IP addresses in its VPN, or in April 2010, whichever is the latter. (The Contractor must ensure that all IP addresses remain within the existing VPN.); and
 - (b) to 15,000 IP addresses – within 15 business days of the Customer notifying the Contractor that it is currently using 12,000 or more IP addresses in its VPN, or in July 2010, whichever is the latter. (The Contractor must ensure that all IP addresses remain within the existing VPN.)
- 4.5 To enable Contractor to identify the number of IP addresses currently used by Customer, and for the purposes of providing the notices in clause 4.4, Customer agrees to provide a monthly report to the Contractor at the monthly operational service review meeting, outlining the number of IP addresses it is currently using in its VPN. If the Customer does not provide this monthly report when it is due and the Contractor would like to receive that report, then the Contractor may request the Customer provide it. The Customer must then provide that report within a further 5 business days.
- 4.6 The Customer acknowledges that to increase the maximum number of IP addresses available to Customer in accordance with clause 4.4, Contractor may need to migrate a large number of Customer's metropolitan Services onto alternate Layer 3 infrastructure. Any such migration of Services will occur in accordance with Contractor's Planned Outage Process in consultation with Customer. Services will only be migrated outside of normal school hours or on weekends. The Contractor will ensure that the alternate Layer 3 infrastructure will have no impact on the performance or operation of the Services other than increasing the number of IP addresses available for use by the Customer. This includes ensuring that all IP addresses remain within the existing VPN.

5 Network Connection Option

- 5.1 The Services support a number of different 'Network Connection' options:
- (a) Single Network Connection;
 - (b) Dual Non Diverse Network Connection;
 - (c) Dual Diverse Network Connection; and
 - (d) Fully Redundant Network Connection. If Customer's Site is Non-Metro, then Contractor does not guarantee that it will be able to connect each Network Connection from that Site to different exchanges.
- 5.2 Customer acknowledges that the Network Connection options described in (b), (c), and (d) above at a particular Site are subject to a feasibility study by Contractor.

Network Termination Unit (NTU)

- 5.3 Each Network Connection includes one or more Network Termination Units (NTU). Subject to clause 5.4, the type of NTU to be used will be determined by Contractor in consultation with the Customer.
- 5.4 [commercial-in-confidence]
- 5.5 Customer acknowledges that:
- (a) Customer must provide an adequate cabinet or rack space to house the NTU, or acquire a cabinet from Contractor for an additional fee;
 - (b) Customer must provide a single GPO supplying 230-240 VAC ~ 125 W at a location that is no more than 2 metres away from the NTU; and
 - (c) for any of Customer's Services that have a Fully Redundant Network Connection, Customer agrees to provide a second cabinet or rack space to house the second (redundant) NTU.

6 Bandwidth

[commercial-in-confidence]

7 Multicast VPN

- 7.1 In this clause 7:
- (a) **Receiver Service** is any service that receives the information stream from the Source Service.
 - (b) **Source Service** means the service that sends the information stream.

Description

- 7.2 Multicast VPN is a feature that conserves the bandwidth of the Customer's VPN for the carriage of single streams of information from one or more Source Services to multiple active Receiver Services simultaneously.
- 7.3 This feature uses standard routing protocols to direct the information stream from the Source Services to the Receiver Services.
- 7.4 The tracking of active and inactive Receiver Services is based on reports and queries between the Contractor Provider Edge (PE) routers and the Receiver Services Customer Edge (CE) router.
- 7.5 The Contractor will set a limit on the amount of bandwidth that can be used at any one time by the Service to send multicast traffic. This time limit will apply even if the total amount of access bandwidth for the Service exceeds that limit. The remaining bandwidth can still be used to send and receive unicast traffic. The current multicast bandwidth limit is 2Mbps. The Contractor will discuss the Customer's forecast multicast requirements and will work with the Customer to explore options for providing greater multicast bandwidth if it is technically and commercially feasible to do so.

Availability

- 7.6 The Customer must first establish a VPN in order to utilise Multicast VPN. Multicast VPN is currently only available as a feature of the Service.
- 7.7 The Customer does not have to select a dynamic Class of Service with the Service in order to send and receive multicast traffic. However, depending on the Customer's service performance requirements and the different types of data traffic it wishes to carry, the Contractor may recommend that the Customer considers selecting a dynamic Class of Service.
- 7.8 For the avoidance of doubt, the Customer will not be charged for Multicast VPN.

8 Cabling

- 8.1 Customer must provide all cabling and any other equipment that is required to connect the GWIP Service Delivery Point to Customer's equipment, unless otherwise agreed.
- 8.2 Customer must ensure that, and Contractor is not required to connect the GWIP service unless, all of Customer's cabling and equipment from the GWIP Service Delivery Point to the Customer Edge Router meets minimum technical requirements determined by the Australian Communications & Media Authority ("ACMA"), and that all Customer's cabling from the GWIP Service Delivery Point to the Customer Edge Router has been installed by a registered cabling service provider.

9 NTU location and Shared Access Switch

- 9.1 The Contractor must install the GWIP service (including the Contractor ODF and NTU) so that the GWIP Service Delivery Point is at each Site's Campus Distributor.
- 9.2 The location of the Campus Distributor that the Customer will set out in the Site Pack will be its current location as at the date of the preparation of the Site Pack. The Customer must notify the Contractor of any relocation of the Campus Distributor from that set out in a Site Pack at least 4 weeks before the agreed scheduled installation date for the GWIP service at a Site (**Pre-Install CD Relocation**). If the Contractor has undertaken a site survey at a Site after the Commencement Date, the Contractor may charge the Customer any reasonable costs incurred by the Contractor in re-performing the site survey and any reasonable costs of redesign work as a result of the Pre-Install CD Relocation.
- 9.3 If the Customer requests more than 70 Pre-Install CD Relocations which are a relocation of an existing fibre termination at a New Contractor Site caused by construction work after the Commencement Date, then the Contractor and Customer will agree any commercial works charges that may apply.
- 9.4 If any Pre-Install CD Relocation will result in a delay by the Contractor to achieve the timeframes set out in clause 14.2 (**Potential Delay**), then:
- (a) the Contractor must notify the Customer of that Potential Delay;
 - (b) the Contractor must not perform the Pre-Install CD Relocation if it will result in that Potential Delay; and
 - (c) the parties will agree on how to address the Pre-Install CD Relocation without that Potential Delay.
- 9.5 For the avoidance of doubt, if the point at which existing fibre terminates at a New Contractor Site is not the Campus Distributor and the Customer determines that the existing route is not an appropriate route to install the GWIP service (including the Contractor ODF and NTU) so that the GWIP Service Delivery Point is at the Site's Campus Distributor then:
- (a) the Contractor must re-design and re-install the fibre route in accordance with the *Guide on interworking between DET and a carrier for implementation of service*;
 - (b) install new fibre in accordance with DET's approved fibre route; and
 - (c) install the GWIP service (including the Contractor ODF and NTU) so that the GWIP Service Delivery Point is at the Site's Campus Distributor.
- 9.6 If the ODF and NTU is not already located at the Campus Distributor at a Contractor Existing Fibre Service Site, there is no requirement for the Contractor to move the installation of the GWIP service (including ODF and NTU) so that the GWIP Service Delivery Point is at the Campus Distributor.

- 9.7 If the Contractor reasonably determines there is insufficient space for the Contractor to install the GWIP service (including the Contractor ODF and NTU) at a Site so that the GWIP Service Delivery Point is at the Site's Campus Distributor, then the parties will jointly determine and agree another location (including the location of the GPO to be provided by the Customer). The Customer will attempt to reserve a 1RU space in the identified Customer cabinet for this purpose.
- 9.8 In the case of Dual Non Diverse Connections, Dual Diverse Network Connections and the GWIP Fully Redundant Network Connection, Contractor can provide Customer with a separate NTU at an alternate location or equipment room at Customer's site. For GWIP Fully Redundant services where both NTUs are to be at an alternative location or equipment room at Customer's site, Contractor will charge Customer the additional cost of extending cabling beyond the GWIP Service Delivery Point for only one of the cable links as agreed between the parties.

Shared Access Switch

- 9.9 If a Contractor wants to use an Access Switch or Shared Access Switch already on a site, then the Contractor must terminate the GWIP service at the Campus Distributor.

Relocation of GWIP services at a Site that is already a GWIP Site so that GWIP Service Delivery Point is at another location on the Site

- 9.10 If, at a Site that is already a GWIP Site, the Customer wants the Contractor to relocate any part of the GWIP service (including the Contractor ODF or NTU) so that the GWIP Service Delivery Point is at another location at the GWIP Site, the Contractor will do so in accordance with any scope of works and commercial works charges agreed by the parties.

10 Helpdesk

- 10.1 Where Customer experiences technical problems with its Services, Customer may contact the IP Solutions Helpdesk on 13 16 79 or any other method agreed by the parties. The IP Solutions Helpdesk is available 24 hours a day, 7 days a week, 365 days a year.

11 Early Termination

- 11.1 For the avoidance of doubt, the parties acknowledge that the following events are not a termination of the Contract in part under clause 18.4 of the GTA:
- (a) a change in the bandwidth for a Service;
 - (b) a change in the Class of Service of a Service; and
 - (c) the ending of a Service at a Site under clause 16.2 of this Schedule.

12 Service Level Agreement

- 12.1 The Service Levels available for the Services are set out in Attachment 3.
- 12.2 Without affecting and subject to Contractor's compliance with its other obligations and warranties under this Contract, where Attachment 3 sets out a service rebate for failure to meet a Service Level, Contractor will not be liable to Customer (whether in contract, tort, negligence or otherwise) for any failure to meet that Service Level other than that service rebate as set out in Attachment 3.

13 Warranty Period

- 13.1 For the purposes of this Contract, the Warranty Period is from the Commencement Date until the last GWIP Site is terminated during the TO Period.

14 Provisioning

- 14.1 Attachment 4 outlines the implementation process for the provision of Services to Sites. Any variation to the process will be subject to prior approval by Customer with such approval not to be unreasonably withheld.
- 14.2 The Contractor must ensure that:

- (a) 95% of the Phase 3 & 4 Sites are GWIP Sites by 17 September 2010;
 - (b) 99% of the Phase 3 & 4 Sites are GWIP Sites within 90 days after the Service Start Date.
- 14.3 The Contractor must use reasonable endeavours to ensure 100% of the Phase 3 & 4 Sites are GWIP Sites within 6 months of the Service Start Date. The Contractor will keep the Customer informed of the progress regarding the commissioning of these Sites throughout this period, and any reason for any delay.
- 14.4 [commercial-in-confidence]
- 14.5 [commercial-in-confidence]
- 14.6 The parties acknowledge that:
- (a) the Customer should not have to pay the full amount of the charges for Services that it is not receiving; and
 - (b) the amount of any such reduction under clause 14.5 reflects some of the loss in value of the Services actually performed but does not represent any liquidated damages, penalty, or an estimate of the amount of losses, damages, liability, costs and expenses that the Contractor's failure to meet the timeframes set out in this clause 14 may cause to the Customer.
- 14.7 [commercial-in-confidence]
- 14.8 The parties acknowledge that the Contractor's compliance with the timeframes set out in clause 14.2 is conditional on the following:
- (a) the Contractor having access to the Phase 3 & 4 Sites between 8am and 4pm on School Days as arranged by the DET Project Manager in accordance with the procedures set out in the *Guide on interworking between DET and a carrier for implementation of service*.
 - (b) the Customer arranging for the Contractor to access the Phase 3 & 4 Sites for extended hours between 7am to 7pm access on weekdays, Saturdays and during school holidays (excluding December/January holiday period) according to Chapter 1 'Access to DET sites' section of the *Guide on interworking between DET and a carrier for implementation of service*.
 - (c) the Customer delivering to the Contractor:
 - (i) Site Packs for 95% of those Phase 3 & 4 Sites that are New Contractor Sites that the Contractor has undertaken a site visit to before the Commencement Date (**Visited Sites**) within 1 week after the Commencement Date; and
 - (ii) Site Packs for 98% of those Visited Sites within 2 weeks after the Commencement Date.
 - (d) the Customer then using reasonable endeavours to ensure that the remaining Site Packs for the Visited Sites are delivered as soon as possible. The Customer will keep the Contractor informed of the progress regarding the Site Packs for these Visited Sites throughout this period, and any reason for the delay.
 - (e) the Customer delivering to the Contractor:
 - (i) Site Packs for 50% of the Phase 3 & 4 Sites that are New Contractor Sites (excluding Visited Sites) within 2 weeks after the Commencement Date;
 - (ii) Site Packs for 95% of the Phase 3 & 4 Sites that are New Contractor Sites (excluding Visited Sites) within 4 weeks after the Commencement Date; and
 - (iii) Site Packs for 98% of the Phase 3 & 4 Sites that are New Contractor Sites (excluding Visited Sites) within 8 weeks after the Commencement Date.
 - (f) the Customer then using reasonable endeavours to ensure that the remaining Site Packs for the Phase 3 & 4 Sites that are New Contractor Sites (excluding Visited Sites) are delivered as soon as possible. The Customer will keep the Contractor informed of the progress regarding the Site Packs for these Phase 3 & 4 Sites that are New Contractor Sites throughout this period, and any reason for the delay.

(the above conditions (a) to (f) are called **Contractor Dependencies**)

- 14.9 If the Contractor decides, on receipt of the Site Pack for a Visited Site, that a second site visit is required to that Visited Site, the Contractor will arrange access to that Visited Site with the Customer according to the procedures set out in the *Guide on interworking between DET and a carrier for implementation of service*.
- 14.10 The Contractor must notify the Customer as soon as the Contractor becomes aware of the Customer's failure to meet any of the Contractor Dependencies, which would result in a delay by the Contractor to achieve the timeframes set out in clause 14.2. (**Milestone Delay Notice**)
- 14.11 The Contractor must set out in the Milestone Delay Notice:
- (a) the details of the Contractor Dependencies that the Customer has failed to meet; and
 - (b) the extension of time to the timeframes reasonably required by the Contractor to carry its obligations under clause 14. The extension of time must be as a direct result of the Customer's failure to meet the Contractor Dependencies set out in clause 14.11(a).
- 14.12 On receipt of the Milestone Delay Notice, the Customer will agree to the extension of time set out in the Milestone Delay Notice (provided that the notice meets the requirements of clause 14.11), and the timeframes set out in this clause 14 (as applicable) will be extended by the time set out in the Milestone Delay Notice.
- 14.13 The Customer will be responsible for the following matters relating to the Contractor's installation of a cable through a national or state park to access the sites listed in the table below:
- (a) any licence/permit fees payable by the Customer to the government agency that manages that national or state park; and
 - (b) providing the Contractor with reasonable assistance to obtain those licences/permits for the Customer from the other government agency.

Bournda Environmental Education Centre Brewongle Environmental Education Centre Camden Park Environmental Education Centre Cascade Environmental Education Centre Illawarra Environmental Education Centre National Environment Centre Thalgarrah Environmental Education Centre Wambangalang Environmental Education Centre Warrumbungle National Park Environmental Education Centre Wooglemai Environmental Education Centre
--

For the avoidance of doubt, the Contractor is responsible for all other costs and expenses relating to installation of a cable through a national or state park including environment and geological impact studies and reports and payments to any third parties (other than as set out in 14.13(a) above) required to be retained by the Contractor for itself or the Customer as part of the installation.

15 Child protection and Personnel screening

- 15.1 The Contractor must (and ensure that its Personnel), at the Contractor's cost, comply with:
- (a) the Commission for Children and Young People Act 1998 (NSW) and related legislation (**Child Protection Legislation**); and
 - (b) the Customer's policies in relation to child protection notified to the Contractor from time to time.
- 15.2 The Customer will use reasonable endeavours to notify the Contractor of any changes in Child Protection Legislation affecting the performance of the Contractor's obligations under this Contract. The Customer's failure to notify the Contractor of any changes in Child Protection Legislation will not relieve the Contractor of its obligation to monitor changes in Child Protection Legislation and to comply with those changes.

16 Sites

- 16.1 This Contract will apply to all Sites listed in Attachments 5 and 6 and New Sites.

Ending Services at GWIP Sites

- 16.2 The Customer may terminate a Service at a GWIP Site by giving Contractor at least 30 days notice.
- 16.3 [commercial-in-confidence]
- 16.4 If the Customer terminates a Service at a GWIP Site (**Ended Site**) that:
 - (a) is a Site Closure: the Customer may at any time later add an additional GWIP Site in place of the Ended Site;
 - (b) [commercial-in-confidence]

Adding Sites

16.5 The Customer may request the Contractor to provide the Services to additional Sites that are owned, leased or occupied by Customer under this clause up to the maximum number of Sites set out in the following table, unless a higher number is agreed by the Contractor:

Period	Maximum number of GWIP Sites
Commencement Date to 1 st year anniversary of the Commencement Date	2423 (with no more than 9 Metro Sites and 3 Non-Metro Sites added to the Initial 2411 Sites)
1 st year anniversary to 2 nd year anniversary of the Commencement Date	2435 (with no more than 18 Metro Sites and 6 Non-Metro Sites added to the 2411 Sites)
2 nd year anniversary to 3 rd year anniversary of the Commencement Date	2447 (with no more than 27 Metro Sites and 9 Non-Metro Sites added to the Initial 2411 Sites)
3 rd year anniversary of the Commencement Date to the end of the Contract Period.	2459 (with no more than 36 Metro Sites and 12 Non-Metro Sites added to the Initial 2411 Sites)

For the avoidance of doubt, any additional Sites that replace Ended Sites under clause 16.4(a) must be owned, leased or occupied by Customer.

- 16.6 The Customer may at any time request the Contractor investigate adding a new site that is owned, leased or occupied by Customer under this Contract by providing the Contractor with a notice setting out the address of the proposed new site and its proposed site bandwidth (**New Site Request**).
- 16.7 The Contractor will within 1 month of the Customer making the New Site Request:
 - (a) calculate its installation charges for the proposed new site which must not be more than the installation charges set out under GTA;
 - (b) [commercial-in-confidence]
 - (c) the time required to complete the installation of the proposed new site; and
 - (d) advise the Customer of the results of the above investigations.
 (this is called **New Site Request Response**).
- 16.8 If the Customer notifies the Contractor that it would like to add the proposed new site as set out in the New Site Request and New Site Request Response, unless otherwise agreed:
 - (a) the Contractor must add the new site within the time;
 - (b) the Customer must pay the Contractor the amount (if any),
 set out in the New Site Request Response.
- 16.9 [commercial-in-confidence]
- 16.10 [commercial-in-confidence]

16.11 [commercial-in-confidence]

17 Price Review

[commercial-in-confidence]

18 Option Period

18.1 ST 6(c) of Special Terms and Conditions of Module 9 of the GTA does not apply.

18.2 If there has not been a [commercial-in-confidence] the Customer may extend the Contract Period for a further 12 months from the expiry of the Initial Term (**Option Period**), by notice to the Contractor no later than 6 months before the expiry of the Initial Term (**Exercise Notice**).

18.3 [commercial-in-confidence]

18.4 [commercial-in-confidence]

18.5 [commercial-in-confidence]

18.6 [commercial-in-confidence]

19 Commercial-in-confidence provisions

19.1 Subject to clause 19.2, the parties agree that the following clauses in this Schedule are commercial-in-confidence provisions and confidential information of each party for the purposes of the definition of Confidential Information in the GTA:

- (a) clause 5.4;
- (b) clause 6;
- (c) clauses 14.4, 14.5 and 14.7;
- (d) clauses 16.3, 16.4(b), 16.7(b), 16.9, 16.10 and 16.11;
- (e) clause 17;
- (f) reference to a confidential definition in clause 18.2, clauses 18.3 to 18.6 inclusive;
- (g) clause 19(i)(i) to (i)(xiv) inclusive and 19(k)(i) to (i)(xiv) inclusive;
- (h) clauses 20.5 (including the 2 headings above clause 20.5) to 20.12 inclusive and 20.14 to 20.19 inclusive;
- (i) the following definitions under clause 21.1:
 - (i) [commercial-in-confidence];
 - (ii) [commercial-in-confidence];
 - (iii) [commercial-in-confidence];
 - (iv) [commercial-in-confidence];
 - (v) [commercial-in-confidence];
 - (vi) [commercial-in-confidence];
 - (vii) [commercial-in-confidence];
 - (viii) [commercial-in-confidence];
 - (ix) [commercial-in-confidence];

- (x) [commercial-in-confidence];
- (xi) [commercial-in-confidence];
- (xii) [commercial-in-confidence];
- (xiii) [commercial-in-confidence];
- (xiv) [commercial-in-confidence];

(j) Attachment 2;

(k) the following columns of Attachment 5 and 6:

- (i) [commercial-in-confidence];
- (ii) [commercial-in-confidence];
- (iii) [commercial-in-confidence];
- (iv) [commercial-in-confidence];
- (v) [commercial-in-confidence];
- (vi) [commercial-in-confidence];
- (vii) Existing GWIP Service; and

(l) Attachment 7; and

(m) Attachment 8.

19.2 The parties may publicly disclose words to the effect that there are flexible parameters within the terms of the Contract to allow for changes to bandwidth to meet the educational needs of the Customer for the term of the Contract without any increase to the fixed price.

19.3 Subject to the Contractor's obligations at law, the Contractor may not make any public statement about this Contract, or anything related to the subject matter of this Contractor, without the prior express written consent of the Customer.

20 Transition-out Services

20.1 Clause 16 of Module 9 (Telecommunications Services) of the GTA does not apply.

20.2 This clause will not apply in circumstances where termination arises as a result of the Customer's failure to pay moneys owing in accordance with clause 18.5 of Part 1 of the GTA.

20.3 On termination or expiry of the Contract by the Customer, the Contractor will:

- (a) continue to provide the Services (including but not limited to any reporting, meeting Service Levels and responding and rectifying faults as required under the Contract) for a period of up to 12 months (**Transition-out Period or TO Period**) on the same terms and conditions as in force on termination or expiry of the Contract except as varied by this clause 20.
- (b) do everything within its control to ensure that there is no disruption to such Services during the **TO Period**; and
- (c) provide such assistance as is reasonably necessary to facilitate an orderly, prompt and efficient transition to an alternative service provider or to the Customer.

20.4 The Contractor's Services provided in accordance with this clause 20 (whether encompassing all or part of the GWIP Sites) are referred to as the **TO Services**.

20.5 [commercial-in-confidence]

- 20.6 [commercial-in-confidence]
- 20.7 [commercial-in-confidence]
- 20.8 [commercial-in-confidence]
- 20.9 [commercial-in-confidence]
- 20.10 [commercial-in-confidence]
- 20.11 [commercial-in-confidence]
- 20.12 [commercial-in-confidence]

Notice to terminate TO Services for a GWIP Site

- 20.13 The Customer may terminate the TO Services at a GWIP Site by giving at least 30 days notice to the Contractor. Each such notice may specify one or more GWIP Sites and different termination dates for different GWIP Sites. The first such notice may be provided 30 days before the commencement of the TO Period so that it is effective from the start of the TO Period.
- 20.14 [commercial-in-confidence]
- 20.15 [commercial-in-confidence]
- 20.16 [commercial-in-confidence]
- 20.17 [commercial-in-confidence]
- 20.18 [commercial-in-confidence]
- 20.19 [commercial-in-confidence]

21 Definitions

21.1 In this Schedule, words have the following meaning:

- [commercial-in-confidence]
- [commercial-in-confidence]
- [commercial-in-confidence]
- [commercial-in-confidence]

Campus Distributor (CD) means, for a Site, the location nominated by the Customer for that Site where the distributor from which the campus backbone cabling starts. The CD is the central point of the local area network (LAN) and the usual location for the Customer Edge Router.

Commencement Date is the date that the last party signs this Order Form.

Billing Period means the Contractor's billing period that is between 28th and 27th (inclusive) of each calendar month.

Contract Period has the meaning given to it in clause 3.1 of this Schedule.

Contractor Existing Fibre Service Site means a Phase 1 & 2 Site and any Phase 3 & 4 Site that was receiving Contractor GWIP services on fibre to the Site immediately before the Commencement Date.

GST has the same meaning as in the A New Tax System (Goods and Services Tax) Act 1999 (Cth) and the related imposition Acts of the Commonwealth as amended from time to time.

GWIP Service Delivery Point means the customer-side port on the NTU at a Site to which a GWIP service is to be provided to the Customer.

GTA means the Government Telecommunications Agreement Category 1A between the NSW State Contracts Control Board and Contractor, dated 17 November 2008.

Initial Term means the period between the Commencement Date and 48 months after the earlier of the following dates:

- (a) Service Start Date; and
- (b) 30 July 2010.

Metro Sites means the following sites:

- (c) sites listed in Attachment 5 or Attachment 6 as "Metro"; and
- (d) any New Site that is added to Attachments 5 or 6 during the Contract Period that has its local exchange situated within 50 kms of Contractor's exchange at Pitt Street, Sydney,

which are GWIP Sites.

[commercial-in-confidence]

[commercial-in-confidence]

New Contractor Site means a Phase 3 & 4 Site that was not receiving Contractor GWIP services to the Site immediately before the Commencement Date.

New Site is a GWIP Site where the Contractor is providing Services under this Contract that was not listed in Attachment 5 or 6 at the Commencement Date.

[commercial-in-confidence]

Non-Metro Sites means the following sites:

- (a) sites listed in Attachment 5 or Attachment 6 as "Non-Metro"; and
- (b) any New Site that is added to Attachments 5 or 6 during the Contract Period that has its local exchange situated more than 50 kms from Contractor's exchange at Pitt Street, Sydney,

which are GWIP Sites.

[commercial-in-confidence]

[commercial-in-confidence]

NTU means a port providing a network boundary and/or service delivery demarcation point. The ports on an NTU may support more than one Virtual Private Network (VPN).

Option Period means the 12 month period after the Initial Term that the Customer may extend the Contract Period.

Phase 1 and 2 Sites means a Site listed in Attachment 5.

Phase 3 and 4 Sites means a Site listed in Attachment 6.

Planned Outage Process means Contractor's Planned Outage Process that Contractor will provide to Customer before any planned outage occurs according to the GTA Specifications (Schedule 2 of the GTA).

[commercial-in-confidence]

[commercial-in-confidence]

[commercial-in-confidence]

Service has the meaning given to it in clause 1.1 of this Schedule 1.

Service Levels means the service levels set out in Attachment 3 of this Schedule that relate to network availability, service availability, class of service (packet loss ratio, round trip transit delay, packet delay variation), response times, and restoration targets.

Shared Access Switch is a switch device which can support multiple ports for more than one customer, where each port provides a network boundary demarcation point.

Single Network Connection means a standard access service that uses only a single fibre pair terminating at one end on a single Basement Switch and at the network end on a single PoP Exchange Switch/PE router.

Service Start Date means the date when 95% of the Phase 3 & 4 Sites are GWIP Sites.

Site means, in this schedule, a Metro Site or a Non-Metro Site and any New Site.

Site Bandwidth means the bandwidth access for a GWIP Site being delivered by the Contractor.

Site Closure means termination of Services to a GWIP Site due to Site closure, Site relocation, or if the Site doesn't require a Service anymore.

[commercial-in-confidence]

Site Pack means the Customer documentation to be provided to the Contractor before the Contractor's Site survey as set out in *Guide on interworking between DET and a carrier for implementation of service*.

[commercial-in-confidence]

Attachment 1 – Service Details

Services	Pricing
<p>GTA Option Codes: T-Am-t28 T-Am-t29 T-Am-t30 T-Am-t31 T-Am-t32 T-Am-t33 T-Am-t34 T-Am-t35 T-Am-t35A T-Am-t35B T-Am-t36 T-Am-t36A T-Am-t36B T-Am-t37 T-Am-t38</p> <p>These GTA Option Codes are required by the NSW Department of Commerce and do not affect the pricing or Services set out in this Order Form.</p>	<p>Prices are as set out in Attachment 2</p>

Attachment 2 – GWIP Pricing for NSW Department of Education

COMMERCIAL-IN-CONFIDENCE

Attachment 3 - Service Levels and Assurance

1 Definitions

1.1 In this Attachment, terms have the following meaning:

Cloud to Tail means the part of the Telstra IP Service that is from the VPN Edge to the GWIP Service Delivery Point.

Core Network means Telstra's core transmission links and backbone routers described as the Telstra IP Solutions Core Network in the diagram below.

Customer Edge (CE) Router means a router located at a Site, provided and configured by DET.

Effective Monthly Charge means the charge calculated from the formula below:

$$= \frac{\text{Billing Period Charge}}{\text{Number of GWIP Sites}}$$

Where:

Billing Period Charge means the Contractor's charges for all GWIP Sites during the Billing Period where the fault (the subject of Telstra's failure to meet the Restoration Target) occurred.

Number of GWIP Sites means the number of GWIP Sites at the end of the Billing Period where the fault (the subject of Telstra's failure to meet the Restoration Target) occurred.

Element Details means, in respect of a monthly report, the section that compares the performance of individual elements during the period of the relevant report over a baseline period.

Exchange means a Telstra building where equipment is located in order to provide a Service.

GWIP Network Point of Presence (PoP) means, in respect of the Service, the network access point located in an Exchange.

Major Rural means areas within Australia with a population of between 2,500 and 10,000 people.

Minor Rural means areas within Australia with a population of between 200 and 2,500 people.

Provider Edge (PE) Router means a router located at a GWIP Network PoP, provided and configured by Telstra.

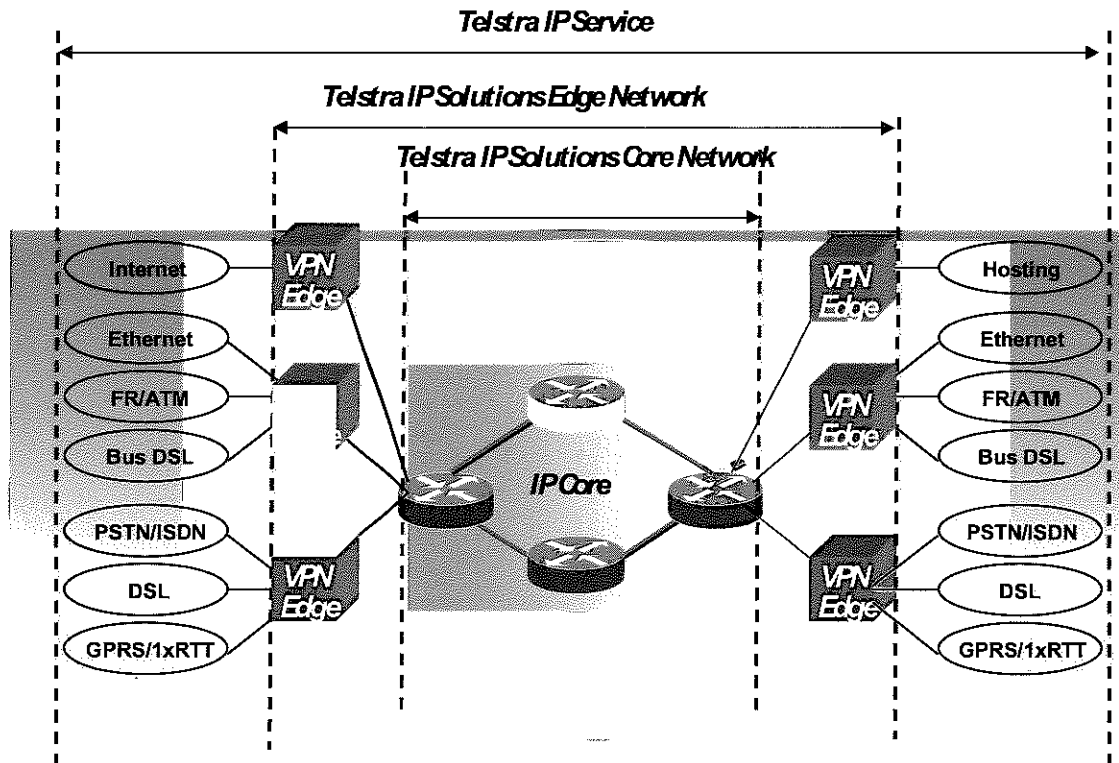

Remote means Australian areas of population less than 200 people.

Restoration Target means, in respect of a service assurance level, the Restoration Time as defined in clause 4.8 of this Attachment.

Supplemental Reports means, in respect of a monthly report, the section that contains additional reports that give DET further information on the elements of the report.

Telstra IP Service means a service provided using Telstra's IP network as described in the diagram below.

Telstra IP Solutions Edge Network means Telstra's IP Solutions Core Network and Telstra's virtual private network edge devices as described in the diagram below.

Top Ten Reports means, in respect of a monthly report, the top ten section that summarises the performance of various elements.

Urban means an area with a population of greater than 10,000 people.

VPN Edge (as shown in the above diagram) means the Telstra IP Service at the Provider Edge (PE) Router.

1.2 For the purpose of Service Assurance in this Attachment:

- (a) The classification of 'Urban', 'Major Rural' and 'Minor Rural' for a Site will be based on the location of the Contractor's exchange that the Site is connected to; and
- (b) Telstra warrants that the classifications of 'Urban', 'Major Rural' and 'Minor Rural' as set out in Attachment 5 and 6 for the Phase 1 & 2 Sites and Phase 3 & 4 Sites are the correct classifications, as at the Commencement Date, according to the definitions of 'Urban', 'Major Rural' and 'Minor Rural' in the definitions section in clause 1.1.

2 Performance

General Description

2.1 The performance service levels are:

- (a) Network Availability of the Core Network; and
- (b) Service Availability of the Service(s).

Network availability

2.2 Network Availability of the Core Network is calculated using the following formula:

$$\text{Network availability} = \frac{[(\text{HPM} - \text{POM}) - \text{OT}]}{(\text{HPM} - \text{POM})} \times 100$$

where:

HPM = the number of hours in the relevant month.

OT = the number of outage hours for the Core Network in the relevant month.

POM = the number of hours in the planned outage period in the relevant month.

Telstra's calculation of Network Availability does not include times when the Service is unavailable due to factors beyond Telstra's reasonable control, including faults or delays caused or contributed to by the DET.

2.3 The Network Availability performance service levels are:

Network	Network Availability
Core Network	99.999%

2.4 Network Availability is measured monthly.

Service Availability

2.5 Service Availability is measured from the Provider Edge (PE) Router to the Customer Edge (CE) Router (including CEs and the links connecting PEs to CEs) at each GWIP Site and is calculated using the following formula:

$$\text{Service Availability} = \frac{((\text{HPY} - \text{POY}) - \text{OT})}{(\text{HPY} - \text{POY})} \times 100$$

where:

HPY = the number of hours in the relevant year.

OT = the number of outage hours for the relevant GWIP Site in the relevant year.

POY = the number of hours in the planned outage period in the relevant year.

Telstra's calculation of Service Availability does not include times when the Service is unavailable due to factors beyond Telstra's reasonable control, including faults or delays caused or contributed to by the DET.

2.6 The Service Availability performance service levels are:

Service Availability				
Zone / Service Assurance Option	Network Connection Option			
	Single	Dual Non-Diverse	Dual Diverse	Fully Redundant
Urban	99.900%	99.900%	99.950%	99.980%
Major Rural	99.500%	99.750%	99.800%	N/A
Minor Rural	99.500%	99.750%	99.800%	N/A
Remote	99.250%	99.500%	N/A	N/A

2.7 Service Availability is measured for each GWIP Site over a 12 month moving window.

3 Class of Service

General

- 3.1 The GWIP service provides support for Class of Service (CoS).
- 3.2 The CoS Categories, in order of highest to lowest priority, are:

6 CoS Model	IP Precedence	Queue Weighting
Multimedia +	5	Strict Priority
Multimedia	4	40%
Interactive +	3	30%
Interactive	2	15%
Data Transfer +	1	10%
Data Transfer	0	5%

The + entries are higher level priority traffic within each category of Data Transfer, Interactive and Multimedia.

- 3.3 If DET has selected CoS but its traffic does not include CoS information, that traffic will be prioritised by Telstra. Telstra may apply any priority to that traffic.
- 3.4 If DET has not selected CoS with its GWIP service, Telstra will treat all traffic as Data Transfer CoS.

DET Obligations

- 3.5 If DET has selected CoS, it must implement the following within its network:
- (a) classification and marking - DET must classify and mark outgoing IP packets according to its business policy on application priorities. (Telstra must not remark any CoS markings.); and
 - (b) traffic shaping and egress queuing based on subscribed rate - DET must implement its own traffic shaping and priority queuing at the Customer Edge Router.

Packet Loss Ratio

- 3.6 The Packet Loss Ratio is the percentage of packets lost when traffic travels through the Telstra IP Solutions Edge Network.
- 3.7 Telstra measures the admitted committed traffic (packets) into the Telstra IP Solutions Edge Network and the delivered committed traffic (packets) out of the IP Solutions Edge Network over a monthly period. Telstra calculates a number of sample Packet Loss Ratios based upon the results of each measurement using the following formula:

$$\text{Packet Loss Ratio (\%)} = ((B - A) / B) \times 100$$

where:

A = the delivered committed traffic (packets) out of the Telstra IP Solutions Edge Network.

B = the admitted committed traffic (packets) into the Telstra IP Solutions Edge Network.

- 3.8 The target Packet Loss Ratio for each CoS Class is shown in the table below. Telstra's target is that the specified percentage (e.g. 99.99% for Multimedia CoS) of the samples will have a Packet Loss Ratio less than or equal to the value set out below for the relevant CoS class.

Target Packet Loss Ratio	
CoS Category	Packet Loss Ratio (%)
Multimedia	99.99%
Interactive	99.90%
Data Transfer	99.00%

Round Trip Transit Delay

- 3.9 The Round Trip Transit Delay (“RTTD”) is a measure of the average time taken for a 64 byte IP packet to traverse any two given nodes within the Telstra IP Solutions Edge Network.
- 3.10 The RTTD does not include ingress/egress queuing and blocking delays as the effect of these parameters varies based on the bandwidth of the Customer’s ports.
- 3.11 Telstra’s target is that 99% of the samples will have a RTTD of less than or equal to the target RTTD for the relevant service as set out in the table below:

Target RTTD	
CoS Category	Target RTTD(ms)
Multimedia	20
Interactive	20
Data Transfer	35

Packet Delay Variation

- 3.12 The “Packet Delay Variation” is the deviation or displacement in phased timing (RTTD timing) within the Telstra IP Solutions Edge Network.
- 3.13 A sample packet delay variation is calculated by deducting the minimum measured RTTD time over a one hour period from the maximum measured RTTD time over the same one hour period. Ingress and egress queuing and blocking delays are not included as the effect of these parameters varies based on the bandwidth of DET’s ports.
- 3.14 The Packet Delay Variation is the average sample Packet Delay Variation for the relevant measurement period.
- 3.15 Telstra’s target is that 99% of the samples will have a Packet Delay Variation of less than or equal to the value set out below for the relevant service. For example: if a Packet Delay Variation of 2 ms applies, Telstra’s target is that 99% of the samples will have a packet delay variation of less than or equal to 2 ms.

Class of service	Packet delay variation (maximum milliseconds)
Static – data transfer	10
Dynamic	
- Multimedia	2
- Interactive	5
- Data transfer	10

Cloud to Tail minimum specifications

3.16 The following table sets out the performance specifications for Cloud to Tail connectivity:

Cloud to Tail Performance	Minimum Service Availability
Single Network Connection and Dual Non Diverse/Diverse Network Connection (Urban)	99.90%
Single Network Connection (Rural)	99.50%
Dual Non Diverse/Diverse Network Connection (Rural)	99.75%
Single Network Connection (Remote)	99.25%
Dual Non Diverse/Diverse Network Connection (Remote)	99.50%
Fully Redundant Network Connection (Urban)	99.98%

3.17 The Services must adhere to the following minimum specifications listed in the table below for Cloud to Tail connectivity:

	Class 5 Best Effort	Class 4	Class 3	Class 2 Interactive	Class 1 Real-Time
1. Packet Loss	< 1%	< 1%	< 0.1%	< 0.1%	< 0.01%
2. Packet Latency (one-way delay)	< 35 ms	< 35 ms	< 25 ms	< 25 ms	< 20 ms
3. Packet Delay Variation (Jitter)	< 10 ms	< 10 ms	< 5 ms	< 5 ms	< 5 ms

3.18 The Customer acknowledges that, as noted in the GTA Specifications (Schedule 2 of the GTA), the Cloud to Tail performance specifications and minimum specifications set out in the tables under clauses 3.16 and 3.17 of this Attachment are not measured by Telstra and no service rebates are offered for a failure to meet those specifications.

4 Service Assurance

Scope

4.1 Service assurance levels cover:

- (a) Response Times; and
- (b) Restoration Targets.

4.2 Telstra must use reasonable commercial efforts to meet the service assurance levels.

Response Time

- 4.3 “Response Time” is the period commencing when a service fault report is sent by DET through the standard fault reporting mechanism and a fault report time and number is received by DET, and ending on the first to occur of:
- (a) when Telstra tells DET that the fault has been identified by remote diagnostics and that work has commenced to identify the fault;
 - (b) when Telstra tells DET that a Site visit is required; or
 - (c) when one of Telstra’s representatives attends the Site.

Telstra excludes any hours during that period that are outside the Coverage Period.

Restoration Target

- 4.4 “Restoration Time” is the period commencing when a service fault report is sent by DET through the standard fault reporting mechanism and a fault report time and number is received by DET, and ending on the first to occur of:
- (a) the Service is returned to full working order; or
 - (b) a temporary repair is performed which allows the Service to be used and meets the target level of performance set out in this Contract.

Telstra excludes any hours during that period, which are outside the Coverage Period.

- 4.5 A “Status Report” is:
- (a) advice that the relevant Service difficulty has been identified as Telstra’s responsibility by remote diagnostics and action has commenced to resolve it;
 - (b) advice that a site visit is required; or
 - (c) advice regarding the progress on correcting the relevant Service difficulty and the likely time at which the difficulty will be resolved.

- 4.6 A “Follow Up Report” is a report detailing the outcome of a fault correction.

Service Assurance Levels

- 4.7 Service assurance levels apply from the GWIP Service Delivery Point to and including the Core Network.
- 4.8 The standard service assurance that Telstra will provide with no additional cost for the Service is set out in the table below:

Standard service assurance					
Standard service assurance level	Coverage Period	Response Time	Restoration Target		
			Urban Area	Major and Minor Rural Area	Remote Area
-	24 hours, 7 days per week (incl. public holidays)	1 hour	12 hours	36 hours	60 hours

For faults which do not require a site visit for resolution, the Restoration Target is four (4) hours. (The Service

Levels for faults which do not require a site visit for resolution in GTA do not apply.)

- 4.9 DET can upgrade the standard service assurance level for its GWIP service to a Site by requesting a custom enhanced service assurance below. DET may request an enhanced service assurance level by completing an application form, which subject to feasibility, must be accepted by Telstra. Telstra will provide the service at the charges set out below.

Coverage Hours (Including Public Holidays)	Status Report	Restoration Target	Follow up Report	Price per annum ex GST
Urban Areas				
24 hours, 7 days per week	15 mins	12 hours	60 mins	\$660
24 hours, 7 days per week	15 mins	8 hours	60 mins	\$750
Rural Areas				
24 hours, 7 days per week	15 mins	36 hours	60 mins	\$750

For faults which do not require a site visit for resolution, the Restoration Target is four (4) hours.

5 Rebates

- 5.1 If Telstra fails to meet a Restoration Target for a Service at a Site, then DET is entitled to a service rebate as set out in the table below:

Service assurance level	Service rebate
For standard	<p>20% of the Effective Monthly Charge in respect of the relevant Service to that Site for each complete hour that Telstra's Restoration Time exceeds the Restoration Target.</p> <p>The maximum service rebate Telstra will give DET in a month is capped at the one month's Effective Monthly Charge in respect of the relevant Service to that Site for the month in which Telstra's Restoration Time exceeds the Restoration Target.</p>
For an enhanced service assurance option	<p>20% of the Effective Monthly Charge in respect of the relevant Service to that Site for each complete hour that Telstra's Restoration Time exceeds the Restoration Target.</p> <p>The maximum service rebate Telstra will give DET in a month is capped at the one month's Effective Monthly Charge in respect of the relevant Service to that Site for the month in which Telstra's Restoration Time exceeds the Restoration Target.</p> <p>plus</p> <p>50% of the annual charge for the enhanced service assurance option.</p> <p>The maximum service rebate Telstra will give DET in a year is capped at the annual charge for the enhanced service assurance option DET has obtained.</p>

- 5.2 DET must claim any service rebates (which may include making a claim at a service level review meeting) to which it is entitled within 120 days of receiving the monthly assurance report provided by and required of Telstra under clause 5 of this Attachment 3.
- 5.3 All performance service levels other than Restoration Targets are indicative of Telstra's targets.

- 5.4 The service rebate offered under clause 5 of this Attachment is the only service rebate Telstra will give DET in relation to Telstra failing to meet a Restoration Target.
- 5.5 Without affecting and subject to the Contractor complying with its obligations and warranties under this Contract outside of clause 4 of this Attachment, the service rebate offered under clause 4 of this Attachment is DET's only remedy for any failure by Telstra to meet a Restoration Target.
- 5.6 To claim a service rebate, DET must provide the following details to a member of Telstra's fault account management team, or to one of Telstra's sales representatives, within 120 days of receiving the monthly assurance report provided by Telstra under clause 5 of this Attachment 3:
- (a) DET's name and address;
 - (b) the relevant Telstra account number and service number;
 - (c) the relevant fault reference number; and
 - (d) the reason for dissatisfaction.

If the claim is made under clause 5.2 during a service level review meeting, then the Customer does not need to provide the information in this clause 5.6.

6 Reporting

- 6.1 Telstra will provide DET with monthly reports as agreed from time to time.

Monthly assurance report

- 6.2 Monthly assurance report - this provides monthly detail and rolling 12 month summary information regarding faults logged, and performance against Restoration Targets

Monthly 'Ehealth' network performance and health report (Ehealth report)

- 6.3 Monthly 'Ehealth' network performance and health report - this report provides several reporting sections including:
- (a) Summary network section;
 - (b) Top Ten Reports and health (situations to watch) section;
 - (c) Element Details section; and
 - (d) Possible Supplemental Reports on request (eg detail in relation to specific elements).

7 Service Level Escalation

- 7.1 Telstra's Single Point of Contact for the proposed GWIP network will be the IP Service Centre (IPSC) Helpdesk 24 x 7. Escalation will be in accordance with the following escalation table:

Escalation Level	Point of Action	Position of Action
Level 1	50% of Restoration Target has elapsed	IPSC Team Leader
Level 2	75% of Restoration Target has elapsed	Service Delivery Team Leader
Level 3	150% of Restoration Target has elapsed	Service Director
Level 4	200% of Restoration Target has elapsed	Lead Service Director
Level 5	300% of Restoration Target has elapsed	General Manager, Customer Care

Attachment 4 - Implementation Process

1 REPORTING ON IMPLEMENTATION OF SERVICE(S) AT SPECIFIC SITES

Once the contract has been signed, the Contractor must provide the Customer for each Site set out in Attachments 5 and 6, via an Excel spreadsheet (format to be provided by DET), the following information:

- (a) Locn Code
- (b) Site ID
- (c) Site Name
- (d) DET Region – one of the following regions:
 - (i) Sydney
 - (ii) Western Sydney
 - (iii) South Western Sydney
 - (iv) North Sydney
 - (v) Hunter and Central Coast
 - (vi) New England
 - (vii) Western NSW
 - (viii) Riverina
 - (ix) Illawarra and South Coast
 - (x) North Coast
- (e) DET Project Manager (to be provided by DET)
- (f) Telstra Geographic/Exchange Area
- (g) Tx (kbps)
- (h) Rx (kbps)
- (i) Service Activation Date
- (j) Circuit Id
- (k) Description of Telstra NTU type
- (l) Forecast and actual:
 - (i) date of DET survey (to be provided by DET)
 - (xi) date DET to advise Telstra of service installation location for site
 - (xii) date and time of Telstra site survey
 - (xiii) date for Telstra to provide to DET proposed lead-in package
 - (xiv) date DET to provide to Telstra signed-off Telstra lead-in package
 - (xv) date Telstra lead-in construction to commence on DET site
 - (xvi) date Telstra lead-in construction to be completed on DET site
 - (xvii) date and time for installation of Telstra CPE on DET site

(xviii) date and time of Telstra service commissioning on DET site

(xix) Telstra GWIP service activation date

(m) Comments

The information required by DET under this clause 1 of Attachment 4 must be updated and provided to DET via an excel spreadsheet on a weekly basis.

Telstra must also provide the following information in a monthly report for GWIP Sites that were serviced by Telstra under a prior contract between DET and Telstra:

(a) old Service ID

(b) old Account Number

(c) old monthly charge

2. INTERWORKING BETWEEN DET AND TELSTRA FOR IMPLEMENTATION OF SERVICE

2.1 DET and Telstra will comply with the following documents attached under Attachment 8:

(a) Guide on interworking between DET and a carrier for implementation of service; and

(b) Statement of Requirements – Customer Facilities (GWIP Commissioning) for NSW Department of Education (23 September 2008).

2.2 Where DET has agreed to provide Telstra with access to a Site for the implementation of the Service, Telstra must give DET at least 24 hours notice (or if it is an unforeseeable delay, as soon as practicable after it is aware of that delay) if Telstra will not attend that Site at the agreed time.

2.3 Telstra will use best endeavours to implement the Services at the Phase 3 & 4 Sites according to the priority notified by the Customer.

2.4 Acceptance Tests are required to be conducted for the Services to each Site according to clause 14.5 of the GTA. The Acceptance Tests are set out in the following documents:

(a) Guide on interworking between DET and a carrier for implementation of service; and

(b) Statement of Requirements – Customer Facilities (GWIP Commissioning) for NSW Department of Education (23 September 2008).

2.5 For each New Contractor Site, the parties acknowledge that the service activation date is the date that the GWIP service is accepted by DET according to the Contract and documented by DET receiving a facsimile from the Contractor's representative, in accordance with the Statement of Requirements – Customer Facilities (GWIP Commissioning) for NSW Department of Education (23 September 2008).

2.6 For each Contractor Existing Fibre Service Site, the service activation date or the effective date of billing for bandwidth adjustments is 2 business days after the date Telstra sends DET an email notification to DET's designated email address confirming that the Site has been commissioned with the Site Initial Bandwidth (**Commissioned Site Notification**), unless DET notifies Telstra by email within the 2 business days after DET receives the Commissioned Site Notification that the GWIP service for that Site is not accepted by DET according to the Contract.

Attachment 5 – Site List for Phase 1 & 2 Sites

COUNT	SITE CODE	SCHOOL NUMBER	SITE NAME	[commercial-in-confidence]	SUBURB/TOWN	POSTCODE	REGION	SERVICE TRADE NAME	[commercial-in-confidence]	[commercial-in-confidence]	[commercial-in-confidence]	[commercial-in-confidence]
1	6	1008	Adamstown Public School		ADAMSTOWN	2289	Hunter/Central Coast	Telstra GWIP				
2	13	8566	Albion Park High School		ALBION PARK	2527	Illawarra and South East	Telstra GWIP
