

Key information for the German Extension Stage 6 Syllabus

- Schools and teachers use syllabuses to develop educational programs for students.
 The organisational focus of the <u>German</u> <u>Extension Stage 6 Syllabus</u> is the theme – the individual and contemporary society.
- The German Continuers Preliminary course is a prerequisite for the German Extension course, and the Continuers HSC course is a co-requisite.
- The German Extension Stage 6 Syllabus has 2 objectives. Each objective has related outcomes which summarise the associated knowledge, understanding and skills that students are expected to achieve at the end of the course.
- Students explore the organisational theme through course prescriptions (prescribed issues and a prescribed text) and through related texts. For 2025–2030, the 3 prescribed issues are identity, relationships and wellbeing. The prescribed text is the film Amelie rennt.
- While a number of extracts from the film are prescribed for study, students need to be familiar with the whole film.
- In addition to the prescribed text, students will read, listen to and view a range of texts relevant to the prescribed issues. Texts may be

- authentic or modified to allow students to engage with the prescribed issues at a level appropriate to their needs, interests and experience.
- The text types listed in the German Continuers Stage 6 Syllabus are assumed knowledge.
 In addition, students may be expected to produce the following written texts in the external examination – diary entry, formal letter, monologue, narrative account, script of a conversation and short essay.
- Grammatical structures prescribed in the German Continuers Stage 6 Syllabus are assumed knowledge. In addition, students are expected to know and use grammatical structures which are included in the German Extension Stage 6 Syllabus.
- There is no prescribed vocabulary list. It is expected that students will be familiar with a range of vocabulary and expressions relevant to the prescribed issues.
- The <u>Assessment and Reporting in German</u>
 <u>Extension Stage 6 webpage</u> includes the
