

School Based Apprenticeship

Automotive – Glazing Technology

Certificate III apprentices perform work to remove, install, repair and manage glazing technical operations of cars and other vehicles within the automotive industry. Apprentices may be employed as a Vehicle Glazing Technician.

Outcome on completion of your HSC

- Statement of Competencies achieved Certificate III in Automotive – Glazing Technology AUR32220 from the AUR Automotive Industry Retail, Service and Repair Training Package.
- Stage 1 of the Automotive – Glazing Technology Trade.
- Continuation of this trade training as a full time apprentice after school.

Course delivery

- Will be delivered both on the job and off the job.
- Two years part time during school, followed by three years full time post-school in both on and off the job training.

Commitment required

- Undertake a minimum of 130 days in paid employment and training.
- Undertake Certificate III in Automotive – Glazing Technology course as part of your HSC.
- The employment and training can be undertaken during school time, after school and during school holidays.

How will you be assessed?

- Both on the job and off the job through written tests, project work and practical exercises.

Course	ATAR eligibility	HSC unit credit
Automotive – Glazing Technology	No	Unit credit towards your HSC for the formal training component (VET course) is currently being determined by NESA.
Industry-based Learning course (optional)	No	This optional course recognises the significant work component involved in the school based apprenticeship. The course offers an additional 4 units credit towards your HSC. This HSC VET course does not contribute towards the calculation of the ATAR.
