

# Perfect Presence Eligible Schools

The pilot was developed based on attendance and suspension data, schools with the select criteria of:

- Highest student attendance rates between 70-90% and
- Highest student suspensions.

Select schools within these principal networks have been included to participate in the pilot.

## Pilot program

The Perfect Presence Pilot Program launched in Semester 2, 2021 and is a targeted, early intervention program for students identified at risk of disengaging from school and their learning.

Schools identified in the initial stages of the program may change throughout the duration of the pilot.

## For more information
