Uncle Kev, as he is now affectionately known at Kimberwalli, the Aboriginal Centre for Excellence, has been an invaluable source of support, expertise, and knowledge, resulting in transformational changes at Kimberwalli that will support cultural and education outcomes for Aboriginal students in Western Sydney for generations to come.

Kevin has managed and delivered multiple projects in short time frames to create a new Cultural and Community hub, whereby; Aboriginal students and their families held a graduation event for 100 participants in the Boys Didge Program, 120 students engaged in our school holiday program and youth have connected with Elders to learn painting and storytelling.

He has transformed an old science lab into a VET standard Hospitality Training Kitchen, installed new roofing to prevent leaks and upgraded a very old and unusable canteen and hall. All spaces will deliver cultural, educational and wellbeing outcomes for current and future generations of Aboriginal students and their families.

This year's winner of the Aboriginal Outcomes and Partnerships Award for Outstanding Contribution to Aboriginal Education is the NSW AECG. The department's primary partner on all matters of Aboriginal education, the NSW AECG works with the department, schools and communities to enhance and strengthen educational and cultural outcomes for Aboriginal students.

This award is given for their invaluable support, contribution, community leadership and partnership of the Aboriginal Education Policy and its implementation into NSW public schools. As we come together today and recognise the 40th Anniversary of the Policy, it is important to celebrate the NSW AECG's ongoing commitment in driving improved outcomes for all Aboriginal students in NSW. One of the many highlights was the partnership, and contribution, of the NSW AECG toward the 2004 Report of the Review of Aboriginal Education.

The NSW AECG continues to lead the way, supporting Aboriginal students, families and communities through a range of academic and cultural initiatives and programs that uphold the commitments of the Aboriginal Education Policy.
