Some new note values are included in this fabulous little tune.

1. What is the definition of a **sequence**?
2. Put a square around the three consecutive bars that contain a sequence.
3. Complete the box below, indicating how many beats each note receives.

	crotchet =
	minim =
	<u>quavers</u> =

Some new note values are included in this fabulous little tune.

1 3 2 1 2 4 3 2 3 5 4 3 4 3 2

C E D C D F E D E G F E F E D

4 4 3 3 3 4 4 3 3 3 5 4 3 2 1 1

F F E E E F F E E E G F E D C C

The pattern of notes in the first three bars is called a sequence. A **sequence** is a set of notes that are repeated (consecutively) at a higher or lower pitch. Notice that the order of notes in bars two and three are the same as bar one, they just begin on a higher note in each bar.

 crotchet = 1 beat

 minim = 2 beats

 quavers = 2 x ½ beat EACH = 1 beat
